The Emergency Medical Out-of-Country/Province Travel Insurance is changing to **AIG** on February 1, 2024

The UA Local 67 Welfare Plan, overseen by the Board of Trustees, is proud to provide a comprehensive benefit plan. As part of this duty, the Trustees regularly review the plan, which includes conducting periodic market reviews to ensure the plan has the best services from providers.

The Board of Trustees recognize the importance of having a first-rate provider to aid members and their eligible dependents, if faced with a medical emergency while abroad.

Based on the latest market review, AIG has been selected as the new Travel Insurance Provider effective February 1, 2024.

Will my Travel Benefits change?

Your main Travel coverage remains the same and is highlighted below.

Eligibility	You must be enrolled on the Local 67 Health Plan. The same eligibility applies to your spouse and dependent children.
Maximum Coverage	2 Million Per Trip
Maximum Trip Duration	90-Days Active Members
	60-Days Retirees
Coverage Starts	On the date you depart your Province/Country of residence
Termination Age	Age 85

Why was AIG Selected as the new Travel provider?

In addition to matching your current plan, AIG offers some improvements that all members, from an Apprentice to a Retiree can benefit from.

- **AIG's Mobile App:**  AIG Travel Assistance
Travel

As well as the ability to access your digital member assistance card and many travel related resources and information, the Mobile App's one-touch "help" button to call the Travel Assistance company makes it easy for members to call during a medical emergency while in another country.

- **AIG does not exclude Recreational Activities**

Now members are covered if they want to enjoy recreation activities on vacation, such as previously excluded Scuba Diving, Rock or Mountain Climbing, Hang Gliding, Bungee Jumping and Sky Diving.

- **AIG will not limit your coverage based on Canada's Travel Advisories**

While it is important to be aware of Canada's Travel Advisories prior to your trip, you no longer need to worry about AIG excluding a loss related to a country or region you travelled to or through where a warning against travel was issued.

- **AIG's improved Pre-existing Conditions Limitation for Members Ages 70-84**

AIG's 90-Day pre-existing condition limitation applies to all members! Meaning, a medical condition that is stable for 90-days prior to the trip is covered (previously a 180-day pre-existing condition limitation applied to members age 70 to 84).

What if I am already out-of-country during the change on February 1, 2024?

If you have a medical emergency, Berkley Canada and AIG will coordinate to determine which company is responsible for the claim, based on the date of your medical emergency.

Will I get an Emergency Assistance Card?

Yes, this communication includes your temporary card, emergency assistance phone numbers and policy number effective February 1, 2024. The next Pipewrench newsletter, will include your new AIG Travel Brochure with removable Medical Assistance Card.
